### **Manufacturing, electronics International Expo to take place in May 28-30**

Vietnamese **manufacturing** and electronic businesses will have a chance to have a close view of latest technologies in their fields as 450 businesses from 20 countries and territories plan to show their stuff at an exhibition in Hanoi from May 28-30.

At a press briefing on the **Vietnam Manufacturing Expo** and **NEPCON Vietnam 2009** held in Hanoi on May 19, Nichapa Yoswee, Managing Director of Reed Tradex – the organiser of the event, noted the marked growth of **Vietnam's manufacturing** industry over the recent past, saying that local businesses should not miss this excellent chance to update on latest developments in the industries.

Meanwhile, Prasert Thammanoonkul, President of the Thai Subcontracting Promotion Association, described the event as a good opportunity for Thai businesses approach Vietnamese customers, as the Vietnamese market is now the focus of attention.

The **Vietnam Manufacturing Expo** and **NEPCON Vietnam 2009** will introduce 1,000 products of the plastic, rubber, mould and car parts production, assembling and automation, and electronic industries.

About 20 seminars will be held on this occasion./.
